**AVAILABLE FOR ACQUISITION:**

**Ski and Snowboard wear Discounter**

**DESCRIPTION:**

Established 28 years, this seasonal skiwear store has established itself in a Sunbelt market as the place to outfit before going on vacation.

Customers come each year to beat the high price of resort retailers, purchasing first quality clothing and accessories at discount.

Open only 7 months of the year, the owner has watched the online business grow to the point where he is unable to service all the traffic and still give service in the brick and mortar location. He does not wish to expand his fulfillment capability, and seeks a buyer who can take advantage of this growing segment.

**ASSETS, PRICE AND TERMS:**

Asking \$695,000 plus inventory, which varies substantially depending on the time of year.

The owner loves running the store, and will stay on indefinitely as an employee, partner or consultant.

**Of Special Interest:**

*The lucrative and growing Internet fulfillment business is being handled on the store's sales floor. A savvy buyer could focus on broadening the online business, building from a 5 year base to develop a more substantial presence.*

Further information is available to interested parties after filling out a confidentiality agreement, available on our website. Complete financial history and documentation requires the completion of an MPN Buyer's Profile.
